## MESSAGE OF THE PUNONG BARANGAY

The signing of Executive Order No. 138 by President Rodrigo R. Duterte is a big milestone on the part of Local Government units in realizing the full devolution of powers and resources as mandated by the 1991 Local Government Code. With the Mandanans-Garcia Ruling of the supreme Court, LGUs are now granted a just share in national taxes consistent with the policy of decentralization as enshrined in the constitution.

We welcome this development and anticipate its positive impact in terms of empowering LGUs to deliver basic services, which are responsive to the needs of the people. We understand that the financial resources of an LGU are directly proportional to its responsibilities. In other words, increase in financial resources would mean an increase in powers, authority, and responsibilities of the LGU.

The creation of the Devolution Transition Committee (DTC) at the barangay level has been instrumental in accelerating the actions of the barangay to comply with the requirements of the EO 138 as well as those contained in the Department of Budget and Management and the Department of the Interior and Local Government Joint Memorandum Circular re "Guidelines on the preparation of Devolution Transition Plans of Local Government Units in Support of Devolution, under Executive Order No. 138, dated 01 of June 2021" dated August 11, 2021.

With the guidance of the Municipal Government of Siayan, Zamboanga del Norte and the Department of the Interior and Local Government Siayan field Office, we were able to formulate this Barangay devolution Transition Plan despite resource limitations and the restrictions brought about by the COVID-19 pandemic.

I thank all the individuals who have generously offered their time, talent, insights, hard work, sacrifices, and commitment in the accomplishment of this Devolution Transition Plan.

Let us work together in the realization of our common goals and objectives as we journey to become a more efficient and effective Barangay Gonayen under the full devolution.

- Executive Order No. 56 S. 2018 or the Effective Implementation of Emergency 911;
- Executive Order No. 12 S. 2017 or the Implementation of Responsible Parenthood and Reproductive Health at the LGUs;
- Republic Act No. 1344 or the Juvenile Justice and Welfare Act of 2006; and
- Republic Act No. 9275 or the Philippine clean Water Act of 2004.

In line with the implementation of the Supreme Court Ruling on Mandanas and Garcia Petitions, President Rodrigo R. Duterte issued Executive order No. 138 s. 2021 ordering full devolution of certain functions of the executive branch to local government units. In response, National Government Agencies (NGAs) formulated their respective Devolution Transition Plans to guide LGUs including barangays on what functions, services and facilities as well as specific programs , projects and activities to be devolved to them.

Based on our assessment, the following are the devolved functions, services and facilities currently implemented or existing in our barangay, to wit:

Programs/Projects/Activities

1. Maintenance of Barangay Roads and Bridges
2. Drying Pavement
3. Service and Facilities related to Beautification and Solid Waste collection
4. Practicing Solid Waste segregation (MRF)
5. Allocation of barangay funds for solid Waste Management programs and activities
6. Maintenance of Barangay Health Stations and provision of Health Services 7 Facilities related to general hygiene and Sanitation & Mobilizing Volunteers
7. Construction of Health Center
8. Satellite of Public Market where viable
9. Maintenance of Katarungang Pambarangay

11. 1% BCPC Allocation of Funds
12. Maintenance of Registry of Barangay inhabitants

Also, the following are the devolved functions, services and facilities not yet implemented or not existing in our barangay, to wit:

1. Agricultural Support services which include distribution system and operation of farm produce collection and buying stations
2. Quality Control of Copra
3. Information and Reading Center

## **Construction of Open Canal in Purok TIKAN I, and TIKAN II**

The BLGU considers the community in Sitio Tikan I and Tikan II as the beneficiary for this significant project because the area is frequently flooded around the road every time during rainy season. The construction of the open canal allows rainwater to freely flow to a water gateway preventing possible flooding around the road in this two sitios and ensuring the safety and to avoid vehicular incident .

Of these devolved responsibilities, Barangay Gonayen considers the **establishment of the Barangay Nursery** as the priority program because the barangay recognizes the fact that financial support from the national government is not always available to all, and in order for the barangay to become self-sufficient especially under the COVID-19 pandemic, food security is very important. With the establishment of a nursery, the germination percentage (the likelihood for the new seedlings to propagate is high) and as a result, the barangay would be self-sufficient when it comes to food production. With the establishment of the nursery, the farmers will have a regular source of seedlings to ensure greater yield.

The devolved responsibilities implemented by the barangay are already making headways in term of delivering results in food production under the current pandemic.

1. Establishment of materials recovery facility
2. Enactment of policies pertaining to solid waste management from segregation of waste from source to actual waste disposal
3. Issuance of resolution adopting solid waste management related policies enacted by the Sangguniang Bayan such as zero Policy, among others.

Under RA 9003, the barangays are primarily responsible for the effective and efficient solid waste management, particularly, garbage segregation and disposal. To comply with this mandate, Barangay Gonayen endeavours to establish materials recovery facility, enact policies pertaining to solid waste management, from segregation of waste from source to actual waste disposal, and to issue resolution adopting solid waste management related policies enacted by the Sangguniang Bayan such as zero Plastic Policy, among others.

The Barangay has already implemented the establishment of a materials recovery facility; however, the facility was damage due to recent typhoons. This barangay commits to rehabilitate the same and make it functional or operational starting this year onwards. As regards enactment of policies pertaining to solid waste management, this barangay had already issued the same in the past how ever, the lack of enforcement of this pieces of legislation was fatal.
